Regarding the explanation of data in
the first half of 2026

Lam Dong, August ~~27~~, 2026

Dear:

- State Securities Commission;
- Hanoi Stock Exchange.

Da Nhim - Ham Thuan - Da Mi Hydropower Joint Stock Company explains that the profit after corporate income tax in the Financial Statements for the first half of 2026 is higher than that in the first half of 2025, specifically presented in the Report on Production and Business Results of the the Financial Statements for the first half of 2026 as follows:

1. Separate Financial Statements

Unit: million VND

Description	The first half of 2025	The first half of 2026	Difference
Profit after corporate income tax	410.403	678.284	267.881

Profit after tax for the first half of 2026 increased compared to the corresponding period in 2025, primarily due to the higher average full-market electricity price, resulting in higher revenue and profit.

2. Consolidated Financial Statements

Unit: million VND

Profit after corporate income tax	435.416	691.000	255.584

The increase in profit after tax for the first half of 2026 compared to the corresponding period in 2025 was primarily attributable to the increase in the average full-market electricity price, as explained above.

The Company respectfully submits the above explanation for the change in profit after tax reported in the Financial Statements for the first half of 2026.

Yours sincerely,

C/c:

- As respectfully above (hard copy);
